BARDAHL

WORLD FAMOUS

**BARDAHL**

®

**AUTOMOTIVE**  
**AFTERMARKET**

**PROSHINE SF1** 209606R  
200g

High gloss sealant which removes polishing marks and holograms to develop a brilliant shine.  
The premium sealing technology protects painted surface against harsh environmental conditions.  
Increases resale value of vehicle.

**PROSHINE CF1** 209406R  
200g

Ultra-Fine Cut Polishing Compound removes fine sanding, swirl marks, oxidation and water stain marks from painted surface.  
Removes light surface imperfections and cleans deep stains leaving a high gloss finish.

**PROSHINE CF2** 209506R  
200g

Fine polishing compound with high grade abrasives, used for removal of sanding marks and gloss enhancement.  
Suitable for all paint types and original clear coats.

**PAINT CARE SYSTEM OE1** 2052005R  
1L

Fine polishing compound with high grade abrasives, used for removal of sanding marks and gloss production.  
Used as pre-preparation compound for the polishing system process.

**PAINT CARE SYSTEM OE2** 2054005R  
1L

Micro cut polishing compound removes fine sanding marks, swirl marks, oxidation and water stain marks from painted surface of automobiles.  
Used as a second stage compound for the polishing system process.

**PAINT CARE SYSTEM OE3** 2055005R  
1L

High gloss sealant removes polishing marks and holograms to develop a brilliant shine.  
The premium sealing technology protects the painted surface from environmental conditions.  
Used as a final stage sealant for the polishing system process.

**PAINT CARE SYSTEM MOTOSHINE** 2050005R  
1L

Moto Shine is a 2 in 1, one step polish with highest quality liquid carnauba wax that produces a brilliant deep and high gloss finish on the painted surface.  
Removes fine streaks & holograms. Smoothens scratches & enhances the gloss of your vehicle.

**MOTOSHINE** 205007R  
200g

Moto Shine is a 2 in 1, one step polish with highest quality liquid carnauba wax that produces a brilliant deep and high gloss finish on the painted surface.

Removes fine streaks & holograms. Smoothens scratches & enhances the gloss of your vehicle.

**CARNAUBA LIQUID WAX** 209307R  
200g

High performance formula of Carnauba Liquid Wax gives a deep showroom like finish & shine to vehicles exterior surface.

Advanced polymer blend technology of pure carnauba and modern polymers provides the best natural shine with long lasting protection.

**DRY WASH** 2112022R  
500ml

Revolutionary new product for washing & shining car in easier & faster way without water.

Its unique formulation dissolves dirt and stains, special agents encapsulate the dirt so that it can be easily wiped off the vehicle's surface without scratching.

Eco-friendly way to save water being wasted from vehicle washing.

**MULTI POLISH** 2110022R  
500ml

Protects, penetrates and beautifies all vinyl, rubber, tyres and plexiglass surfaces.

Freshens and restores the original colour of plastics & rubber, giving them a rich new look.

Protects vehicle interiors such as dashboards, cockpit, door coverings, consoles etc.

**GLASS CLEANER** 2042022R  
500ml

Instantly dissolves the most stubborn dirt, nicotine, grease stains, traffic pollutants, insects as well as silicone remains.

Restores shine & transparency to all windows, mirrors & windshields.

Leaves a clean, smear-free surface without any residue.

**CARNAUBA WAX** 2078043R / 2078031R  
60g / 230g

Blended with the finest pure carnauba wax/ polymer mix formulation, resulting in a hard glass like "wet look" finish on all painted surfaces.

Easy-on/easy-off application erases fine scratches and swirl marks.

**RUST GUARD** 2076005R / 2076032R  
1L / 20Kg

Ideal protection for vehicle underbody, under bonnet, door internals, boot internals, wings, wheel arches, etc. against rust, corrosion, abrasives, stone chips and road salt.

Also deadens droning noise and reduces vibrations.

**SILENCER COAT** 2059018  
400ml

Heat resistant anti corrosive superior coating for exhaust system and galvanic surfaces.

Gives a matt silver (OEM like) finish to the exhaust system.

**ENGINE COAT** 2039022R  
500ml

Transparent lacquer coating which gives a clean and glossy look to the vehicle engine compartment.

Prevents the lacquered area from corrosion and protects wirings & hoses from cracking.

Does not require cleaning the engine compartment with diesel after its application.

**SUPER KLENE SHAMPOO** 2060001R/2060021R  
1L / 5L

Active ingredients of this auto wash shampoo loosen all kinds of dirt and contamination of vehicle top coat and makes it look clean and shiny.

Is an efficient preparation for washing of motor vehicles.

Can be used with a foam wash gun for foam wash application.

**EGR VALVE CLEANER** 2034018R  
400ml

Carbon deposits build-up may cause improper EGR valve operation, blockages in the EGR cooler and catalyst causing drivability problem and may reduce power.

EGR Valve Cleaner has active solvents to loosen and remove deposits such as oil, soot, carbon deposits etc. from the intake system.

**CHAIN CLEANER** 2031022  
500ml

Effectively cleans & de-greases oil, grease, dirt, dust, sand, mud and other external contaminants from the chain.

Chlorine- free formula removes all encrusted deposits from motorbike & bike chains, steering column heads, gliding rails, fork lifts, etc.

**ELECTRICAL CONTACT CLEANER** 2035022R  
500ml

Removes oxide and sulphide layers, condensation, resin, oil and dirt from sensitive areas in electronics and electrical equipment.

Eliminates high resistance., cleans electrical contacts in relays, thermostats, battery terminal spark plug points etc. Dries quickly & leaves no residue.

**BRAKE PARTS CLEANER** 2030022R  
500ml

Quickly & effectively removes oil, grease, brake fluid, brake dust and other contaminants from all types of brake assemblies without disassembling the unit.

High power & low odour formulation cleans brake parts/linings/pads, drums, cylinders, springs, pins, calipers, etc.

Contains no ozone-depleting ingredients.

**RUST CLEANER & PENETRANT** 2074022R  
500ml

Protects, penetrates & cleans metal against rust & oxidation, environmental corrosion in tools & equipment etc.

Frees stuck parts like hinges, nuts, bolts, valves, locks, springs etc. Displaces moisture. Low viscosity with excellent creeping properties.

**THROTTLE BODY CLEANER** 2062024R / 2062003  
510ml / 100ml

Penetrates, dissolves and removes gum, varnish deposits, dirt, grease and other contaminants from all carburetor parts, throttle body, linkages, automatic chokes, linkages, PCV valves etc.

**E60 MULTI USE SPRAY** 2071016R / 2071027R  
32g / 64g

Protects metal against rust and environmental corrosion. Penetrates metal parts, frees stuck parts like hinges, nuts, bolts, valves, locks, castors, springs, taps, etc.

Cleans and lubricates moving parts, displaces moisture & frees sticky mechanism.

**LUBEit LUBRICATION SPRAY** 2075022R  
500ml

LUBEit forms a fine tear resistant lubricating film with outstanding noise & vibration damping & adhesive properties.

Has low viscosity with good creeping properties.

Prevents rust, corrosion & displaces moisture by leaving a water & salt water resistant lubricating film.

**CHAIN LUBE** 2032022R / 2032003R  
500ml / 100ml

Forms a high performance, fine tear resistant lubricating film.

The penetrant has low surface tension that lets it flow into tight spaces; capillary action draws it into areas between link side plates.

Prevents rust, corrosion & displaces moisture from motorbike & bike chains, steering column heads, etc.

**BATTERY TERMINAL PROTECTANT** 2029004R  
150ml

Leaves a long lasting and a temperature resistant film.

Protects the battery terminals and plug-in contacts from corrosion and against the effects of weather and battery acid formation.

Prevents the battery resistance and electrolyte drops, thereby extending the battery life & ensuring

**UPHOLSTERY FOAM CLEANER** 2064022R  
500ml

Foam based neutral concentrated interior cleaner can be used for cleaning of all types of car upholstery/interior and carpets.

Active ingredients penetrates & dissolves dirt; without leaving any dirt rings.

**AIRCON SPRAY** 2026004  
150ml

Foam based cleaner for effective cleaning of any air conditioning system.

Eliminates dust, fungus, bacteria, nicotine that may clog the air-conditioning system.

**WINDOW DRESSER** 2069022R  
500ml

An excellent polymer based lubricant for rubber, plastic, metal parts and assemblies used in window frames of automobiles, sliding windows, rubber beading, conv

**ENGINE FLUSH+** 1010014R / 1010011R  
30ml / 250ml

**CLEANS UP ENGINE WHILE DRIVING**

- Cleans up existing deposits in engine & prevents further deposits.
- Frees sticky lifters and rings & removes sludge from valve train.
- Chemically "tunes" the engine during driving & restores pep & power.
- To be used before oil change 30ml/250ml.

**RADIATOR FAST FLUSH+** 1021011R  
250ml

**CLEANS THE RADIATOR**

- Cleans the radiator by removing harmful deposits or contaminants such as dirt, hard water deposits (scales) on the radiator tubes that result from oxidations of coolant & corrosion of metal.
- Improves efficiency of heat transfer from engine to radiator.
- Eliminates pre-ignition problems, engine oil degradation, thermal distortion of engine components.

**OIL TREATMENT+** 1016011R  
250ml

**MAKES THE OLD ENGINE AS GOOD AS NEW**

- Contains the unique "Polar Attraction" formula which coats the engine parts with special friction reducing molecular film and viscosity index improver.
- Reduces oil burning, exhaust smoke and blow-by.
- Reduces engine wear, especially start-up wear and increases engine life
- Prevents sludge, gum and varnish formation on valves, lifters and other critical engine surfaces thereby restoring lost compression & power.

**OIL SUPPLEMENT+** 1014019R  
40ml

**REDUCES ENGINE WEAR AND TEAR**

- Contains the unique "Polar Attraction" formula which coats the engine parts with special friction reducing molecular film
- Maintains new vehicle performance
- Reduces start-up wear
- Increases fuel efficiency output and performance
- Prevents sludge, gum and varnish formation on valves, lifters and other critical engine surfaces

**CONCENTRATED GEAR OIL ADDITIVE** 1003007R  
200ml

**SMOOTHENS GEAR OPERATIONS**

- Promotes fuel economy and improves overall engine operation.
- Polar attraction formula reduces deposits formation and gear rattle, improves higher load operations and reduces friction between gears.
- Reduces differential howl and transmission noise and ensures smooth gear shifts.

**PETROL+** 1013009R / 1013007R  
20ml / 200ml

**CLEANS AND UNCLOGS FUEL SYSTEM OF PETROL ENGINES**

- Cleans and unclogs fuel injectors
- Dissolves injector deposits & protects the injector nozzles and other fuel system parts from excessive corrosion.
- Facilitates easier starting, smoother riding, immediate throttle response.
- Improves fuel economy & reduces stumbling and knocking at highway speeds.
- Safe for catalytic converters.
- Suitable for both leaded and unleaded petrol

**DIESEL+** 1004007R  
200ml

**CLEANS FUEL SYSTEM OF DIESEL ENGINES**

- Multi-functional diesel fuel additive; improves diesel fuel ignition and combustion properties.
- Cleans and maintains fuel system thereby improving engine operation efficiency.
- Significant reduction in emission
- Increases cetane number and helps reduce engine start-up time and combustion chamber deposits
- Improves fuel stability, preventing oxidation & resisting deposit formation
- Lubricates and protects injector, fuel pump and other parts of fuel system from corrosion.

**WIPEX MICROFIBRE CLOTH** Ref. LV0209044R  
41 X 41cm

The product has the unique micro fibre technology. It wipes quickly and completely removes oily or filmy residues including waxes, polishes, glazes and fingerprints. Microfibers will not scratch delicate surfaces, as long as they are well rinsed and free of grit.
